

## Steve Hockett

### Project Mngr. / Denver Office Mngr.

*Steve Hockett is an oil and gas environmental and regulatory compliance project manager. He ensures environmental and regulatory compliance for oil and gas operators in the Rocky Mountain region from the well pad planning stages through final reclamation by providing project management and program development. He has experience working directly with COGCC, CDPHE, WOGCC, WDEQ, EPA, and the BLM. Mr. Hockett has over 10 years of experience in the energy industry working for the US Department of Energy, the National Renewable Energy Lab, and for oil and gas environmental compliance consulting companies.*

### Experience

- Regulatory compliance consulting & planning for operators in the DJ Basin.
- Preparation of stormwater plans & program management for small & large oil & gas operators.
- Preparation of site specific stormwater plans for new upstream and midstream construction using good engineering practices.
- Presentation at county commissioner hearings on behalf of operator pertaining to environmental program, compliance, and procedures.
- Presentation & outreach at community public notification events of proposed oil & gas development.
- Baseline groundwater sampling & analysis.
- Phase 1 & phase 2 environmental site assessments for commercial property transactions.
- Soil sampling at contaminated/release sites, direction of excavation & cleanup activities, lab analysis, & reporting.
- Oil & gas sampling, emissions modeling, & analysis.
- Air permitting, modeling, & compliance.
- Leak detection, repair, & reporting program management.
- EPA compliance & reporting.
- BLM & NEPA compliance.
- Worked as an energy analyst for the US Dept. of Energy.
- Authored/co-authored 4 technical publications for the National Renewable Energy Lab regarding state energy policy and national energy development.
- Managed federal energy grants to US states and territories.
- Provided technical assistance to and participated in the energy steering committees for small island nations and territories regarding the development of national energy plans policy development.
- Advised American companies looking to penetrate the Caribbean market from the US Embassy in Trinidad & Tobago as a US State Dept. employee.
